That's a Wrap!

Whew!

It was an incredible ride getting the first six shows shot. The audience was awesome, the guests were great. The energy in each show was outrageous and tonight Alex and I are both having moments where we feel overwhelmed with the way it all came together.

We don't do it alone so it's time to let you see the crew.

Back Row Left to Right: Gregory Case (Photo Man), Dan Haberer (Director) Izzy Jimenez (Technical Director), Brian Day (Crew Manager, Camera/Audio), Wayne Evans (Camera), Brad Wallace (Jib Camera, Art Director), Bob Purcell (The Thead Guy), Cheryl Uribe (Gizmo Girl), Justin Shults, (Bad Bart)

Front Row: Beverly Price (Producer), Jeff Bilyeau (Videographer/Life Saver), Angel Hawthorne (Producer), Alex and Ricky

There were plenty of other people who helped in unofficial positions. It was a great few days - and now - - to editing.....
