Let's Make Some Crazy Daisies

---

February Block "Crazy Daisies" by Sue Garman

It's time to get a little crazy. This month [Sue Garman](#) features fun and colorful daisies that you won't find in any garden, but are sure to perk you up. The finished block measures 16-inches and is the second in our Block of the Month exclusive TQS pattern. Sue's clear and concise directions help you through the entire process. Why not try [Suzanne Marshall's](#) technique for making bias stems demonstrated in [Episode 203](#) that posts on Monday, February 4, 2008.

If you have not started this project it's not too late. Simply click on the Block of the Month image to the right and download your free pattern. Blocks are also available for sale in the [TQS Shoppe](#) for those who don't wish to be a TQS Star Member. Having trouble deciding on fabrics? The TQS Shoppe has done all the work for you by assembling an entire kit that will be shipped directly to you.
