Radka Donnell's Quilts On Display

San Jose, CA, USA - The San Jose Quilt Museum will hold a retrospective of Radka Donnell's quilts titled *Charged Sites: Radka Donnell's Art Quilts*. Donnell's quilts are distinguished by a bold, painterly, abstract expressionist approach to the use of color, line and pattern. In Donnell's approach to her art she freely combines large scale printed fabrics cut in unusual shapes to create original, improvisational works. The exhibition runs September 2 through November 2, 2008. For more information click [here](#).
