## Appliqué In A Whole New Way

---

Frustrated by traditional appliqué methods? Check out the amazing Appliquick tools recommended by Lynette Anderson ([Episode 1601](#)). These surgical steel tools will take your method from frustrating to fantastic.

The Appliquick Tools will simplify your glue stick appliqué. Each packet comes with two tools. Hold one in your left hand to hold fabric in place. With the other tool you simply hold your fabric as you turn it to the wrong side and press it in place. [Check out the video](#) to see how this tool will change your life!
