What's a Girl to Do?

(Oh the decisions at the pattern wall at Wish Upon a Quilt in Raleigh)

When school let out for the summer, I had my daughter make a list of things she wanted to accomplish over the summer. Sleepovers...check! Learn to wakeboard...check! Make a quilt...not checked!! So I need your advice. Paige and I have decided to make our first quilting project. So I am reaching out to the experts here at TQS...our fabulous members! What do you recommend we do? How should we start? I look forward to hearing your tips and suggestions. And keep coming back to see what we decide to do and follow our progress. Thanks, Ruth
