### Meet the Producers

---

We have spoken in the past of our dream team, now it is time to put faces to the names. Beverly Price, on the left, comes to us from Chicago. She has many years of producing under her belt with a list of impressive credits including Harpo, ABC and Access Hollywood. Angel Hawthorn, to the right, was my boss at HGTV. Angel left HGTV a year before I did and in fact, she was the shows champion. Because of Angel, we enjoyed SQ for 11 seasons. By the way, because of SQ she is now a quilter. Man oh man, are we glad they are both on the team. Welcome to La Veta ladies!
