Member Driven Content - Shops/Teachers

All database content on this site is member driven. That means YOU submit it. Every Star Member who is a teacher (on any level) or owns or manages a shop are urged to go to Update My Profile and submit the additional listings. This feature, available to Star Members, is at no extra cost.

Recently we got an email from a member who had searched her state and found no shops. The simple fact is the shops won't be found unless they are submitted. It only takes a minute to update the profile and submit the information and a photo of YOUR shop! In time we hope thousands of shops and teachers will be in the database.

There are only a few shops/teachers currently listed, but you can test the system by selecting SEARCH in the menu bar. Then select Find a Shop. Then put CO in the State field. Hit submit and you'll get a list of Colorado shops that are currently in the system. Click on a shop name and you'll go to the full shop profile and have the opportunity to get directions from Mapquest. - How cool is that!

Each of you should urge your shop owners to join as a Star Member and post their shop. It is the cheapest advertising they will ever get! It's up to you to get the information in the site.

Finally, please remember to upload a photo of yourself in your profile page - it is much more personal than the static male/female icon.
