## Ten-Question Interview with Cheryl L. See

Cheryl was the first brave soul to do our ten-question interview. Star Members can watch Cheryl in [Episode 150](#), where she launches paper piecing into the 21st century. You'll be amazed by her quilts: each incorporates a little "secret" or two that draws you in for a closer look. Cheryl also shares loads of tips for making precise and perfect hexies and diamonds, and then shows a number of clever and versatile 3-D projects for trying her techniques without committing to a huge project.
