

January's Pixie Party: "Radiant" from RJR Fabrics

RJR is kicking off the New Year with Pixie Party's *Radiant*. In this amazing contemporary quilt design, light and dark accents collide to create the radiating and shimmering effects of a mountain spring. Made in fabrics from the *Jinny Beyer Palette* and *Handspray*, this quilt is the perfect project for a snowy day.

The kit comes completely precut, including the sub-cuts, making this project easy as 1, 2, 3. *Radiant* finishes at 62" by 71" inches, making it a perfect throw size. The pattern by [Cozy Quilt Designs](#), provides instructions for four additional sizes.
