Capt'n John is Home first

---

For those who have been with us for awhile, you know that when I get home first, I have to send Alex an update. So here we go:

Sparrow is still not eating the real food, but she will drink milk

Your view from the Sewing room has been well cared for.

The mail came.

There will be a few calls to return (40 so far, even with the message that you're out.)

We are watching for your return. Tell Ricky, Justin, Lilo, Greg and the crew "Hi" from California.
