### Weekend Virtual Quilting Bee

---

WOW - We are impressed! How fun to think that we can virtually quilt together and celebrate each others progress and creativity - TQS members rock!!! We asked, what are you working on this weekend and fantastic!!! - you are busy!!! If you have not yet posted your weekend project - don't be shy. Sharing is one of the best parts of our quilting experience - We are certainly a diverse group, from scrappy triangles, our block of the month to blinds - what fun!
