Chihuly Part 6-"Trees"

I hope you are seeing colors or forms or shapes you can use in your quilts. One thing great artists do is to allow us to see things in ways we aren't used to. It's like the Three Sisters showing us something new and different. If you are a new member, go to Articles and scroll down to the Three Sisters videos.

Be sure to check back. Later today we will show his "flower gardens".
