## So Spooky! Banner from WeAllSew

---

Have you visited [We All Sew](#) lately? They have really cute ideas and inspiration to keep you sewing all year long. Here's the **So Spooky!** banner from **Tari Intardonato** that you can whip up in a jiff! All it takes are a few cocktail napkins, some burlap, some ribbon, and some embroidery, but I bet you could just stamp the designs as well. Click on the button to get directions.
