Guess Who is Having a Birthday!

Someone is having a birthday today! Here is one of Captain John's favorite pictures of the birthday girl.

John says,

"One of the great things about visiting your Mother is that she has all those pictures you sent through the years. They are on this amazing photo display area with food inside."

Here is a picture of one of Alex's hair styles. I really liked this one. Not only is she cute, but we never had any spider webs in the house."*
