Make It Monday: Zakka Owl

---

Welcome back quilt campers. This week's project comes to us from Alexandra Rasmussen at [Moonstitches](#). This one is a little bit of a challenge; but we know you are up to it.. There is no actual pattern, but the directions are very straightforward. So you will have to put your thinking cap on. Whether you make one or a whole flock, these Zakka owls are sure to be a hit in your studio or home. For directions visit our Projects page [here](#).

Be sure to check out each week's project on our Projects page [here](#). Share your creative versions of [any](#) of our projects in **Show and Tell** [here](#). Happy stitching!
