Lesson 6 with Laura Nownes: Putting it All Together

If you've been following along with Laura Nownes in her *Contemporary Quilt Sampler* classroom, you know that it's time to put your quilt top together. In the final lesson, you'll learn how to:

- Trim your blocks to a consistent size
- Make design decisions by arranging your blocks on the design wall
- Work with sashing and borders

Laura has included an additional Resource Guide to help you with binding, and makes suggestions for other classes that will help you turn that fabulous quilt top into a finished quilt.

Take advantage of Laura's extensive quilting knowledge...and remember, it's FREE!
