Free Project: Tote to Carry it All

sew4home

The Sewing Rabbit

Are you sometimes you just looking for a large, all around tote that will allow you to carry anything from library books, to things for an overnight away? Check out two fast and fun bags that might just fit the bill.

Each of these bags offers lots of room and an easy over the shoulder strap for dashing out the door. If you are strapped for time, The Sewing Rabbit can be whipped up in no time. sew4home's bag will take a bit more time, but offers great pocket options.
