A Quilt for Our Soldier Son

---

[Story Submitted by: annasgirl](#)

Our son, Bryan, has been in the U.S. Army for almost two years and will leave for his first deployment soon. In 2006 he asked me to make a quilt with his treasured cavalry flag on it and sent some patches for me to attach as well. Of course, before I sent the quilt to Bry it became part of show-n-tell at quilt guild meetings and bees. During one of the show-n-tells a friend introduced me to the Quilts of Valor Foundation. I have now made two quilts for injured soldiers through QOV and will be busy quilting away the anxious days until Bry comes home.
