## "Heart Blossoms" by TQS Members

---

Hoping to spread a little love, Ricky created a fun project in February for Valentine's Day which he named **Heart Blossoms**. He asked members to spread their love by sharing their finished projects. We thought we'd spread the love by showing them to you here.

The pattern is available on the Projects page. [Download the pattern here](#). Once you are at the Heart Blossoms page, click on the **VIEW THIS PROJECT** button to see the PDF.

You'll need Adobe Flash to play the Smilebox.
