Another Great Tip from the TQS Forum

TQS member [cstyles](#) posted another great tip in the [TQS Forum](#). Have you visited the Forum lately? Have you added a tip? Let's keep those ideas coming in!

She writes,

"Instead of sewing a hanging sleeve onto my quilts, I have started using shower curtain clips [ring with jaw clamp on the bottom] to hang my quilts. The rings slip easily over a decorative curtain rod & quilts are easily changed season to season."

"In Canada, you can get them at Fabricland...you should be able to get them wherever decorator curtain rods are sold... I'm thinking Lowe's, Home Depot, etc. should carry them."
