

The Frixion Pen...Get the Real Scoop

Conversations about Frixion pens as a marking tool are all around the water cooler. The magic marking tool seems to be the answer to everyone's problems, but, like any marking tool, one needs to educate oneself. Love it or hate it? [Jenny K. Lyon](#) went to the source to find out the scoop. See what the folks at Pilot say about the pen, which, by the way, was not designed for fabric marking.
