FREE Tutorial: Color Block Tote Bag

Erika Mulvenna at WeAllSew.com found herself wishing she had a bag big enough and sturdy enough to tote a quilt. Since she couldn't find the perfect bag, she decided to make one, and the result is the Color Block Tote Bag!

Finished tote measures about 18" tall x 18" wide x 6" deep. Erika suggests using a color wheel. [You can get one here.](#)
