"Nourished" by Deborah Boschert

---

Deborah writes about her work, "Most of my art quilts are created by collaging fabric and stitching into layers of design. I incorporate all kinds of fabrics into my work from worn-out jeans to vintage linens to original fabrics created with paint, pens, stencils and stamps. Incorporating improvisational hand embroidery adds more interest and creates tiny details that enhance the piece as a whole."

Watch Deborah at work in [Show 2108: Surface Design Simplified & Vintage Quilt Bed Turning](#).
