There is a Shortcut in The Patchwork Barn Quilt --BOM 2018 Kit by Edyta Sitar

The Patchwork Barn Quilt combines a fun sampler for piecing and branches, leaves, and flowers for appliqué. BUT there is a shortcut. Each kit comes with 3 packages of silhouettes filled with pre-fused fabric to create all the leaves, flowers, and branches. Just place, fuse, and sew. [The patterns begin January 1](#). Remember, we are including a full \$49 1-Year Membership with each kit so that all the patterns will be available. Use it yourself, or give a membership to a friend.

Want another kit choice? We have one by Ricky and one by Sue Garman. Both come with the Free 1-Year Membership.
