On the Set with Becky Goldsmith TQS BOM 2019 "Sizzle" and Bullseye Quilts

Alex and Ricky catch up with Becky Goldsmith (Shows 611 and 1704). Although known for handwork, she wanted to do something different for a change. An antique Bullseye quilt she'd seen 30 years ago kept nagging her. It was a challenge to figure out how to make the piece using foundation piecing. Once the puzzle was solved, she was off and running making several Bullseye quilts in a row.

Becky is also our [2019 BOM](#) quilt designer. Her quilt, [Sizzle](#), contains a combination of foundation-pieced circular designs with a touch of her signature appliqué.

In this show, Becky walks you through the fundamentals of the [2019 BOM](#) and the building of a Bullseye quilt.

Star Members can watch Becky in [Show 2401](#) when it debuts Sunday, December 30, 2018.
