See Amy Pabst's Exhibit "Log Cabin: 100K"

Amy Pabst walked Lilo through a number of her log cabin quilts which were featured in her exhibit, **Log Cabin: 100K**. The series of quilts focused on miniature scale and explored the unlimited layout and design options of the log cabin block. There are a total of 102,779 individual pieces in this exhibit at the [International Quilt Festival](#) in Houston 2019 and some of them are very, very small.
