---

From [WeAllSew.com](http://WeAllSew.com):

Loose change and thing-a-ma-bobs can now be rounded up in this sweet and practical coin purse. Shaped like a heart, it utilizes the technique of reverse appliqué to give it a unique embellishment with contrasting fabrics. This project is a perfect afternoon craft that makes a great gift.

Follow Professor Pincushion's complete video tutorial and she'll show you what supplies are needed, and demonstrate each step so you can easily make this heart purse, too.
