See "Grifology #1" a quilt by Debbie Grifka

Artist Statement about **Grifology #1**: "Languages have always fascinated me. Inspired by my 2018 100 Day Project (improv appliqué postcards in black and white) and comments that those pieces looked like hieroglyphics or a secret language, I continued my exploration and made 20 improv bias appliqué blocks. Extending the language idea, I positioned the blocks in a letter format in the order in which they were made. The name, Grifology, is a play on graphology, the study of handwriting and symbols, and my own last name." - Debbie Grifka

Black and white.

60? x 60?

2018
