Join in the Fun with Ricky's Read Along of "Lizzy Albright and the Attic Window"

Ricky has been reading chapters of his book, ***Lizzy Albright and the Attic Window***, online and now he's created a playlist so you can follow along on Lizzy's adventures more easily.

Through the discovery of a family heirloom quilt, ten-year-old Lizzy Albright is transported to an enchanted land where a powerful curse has befallen the Kingdom of Allsea. This magical and thrilling multi-layers story is described as Harry Potter meets the Wizard of Oz meets Alice in Wonderland. A chapter novel for all ages designed to connect generations and issue a new generation of young quilters.

Look for the Lizzy Albright quilt fabrics, designed by Ricky (Benartex), pattern book, and online video lessons this year.

For now, pre-orders of the hard copy of the book are available at www.rickyims.com.
