Meet Ann Myhre, creator of the fabulous 2017 [Zoo Nouveau](#) summer quilt project. Fiber artist, author and teacher, Ann Myhre, designer of our multi-technique summer quilt project, has loved art and textiles for as long as she can remember. Ann's eclectic free-form multi-layered style, exemplifies her deep love of color and patterns seen in Art Nouveau and The Arts and Crafts movements. She is fearless when it comes to using mixed media in her work to create an overall design based on a central idea.
