Top 100 Puzzle - Sunflower Quilt - Dr. Jeannette Dean Throckmorton

Dr. Jeannette Dean Throckmorton was quite a lady. Born in 1883 she graduated from medical school and went on to receive degrees from three other universities. In 1938 she was listed in *Who's Who Among Physicians and Surgeons*. She was also the medical librarian for the Iowa State Medical Library for 35 years. Dr. Throckmorton was known for stuffed and corded applique. While she used the quilt kits of the time, her skill level propelled them above the ordinary. She used the "quilt-as-you-go" method and made many, many quilts and gave away so many quilts that she eventually lost track. Enjoy this bit of **Sunflower** color on a dreary winter day.

If you are having trouble finding pieces, you'll need to check under the menu and sometimes you'll have to move the whole puzzle to check underneath.
