Top 100 Puzzle - Torrid Dwelling - Molly Upton

Molly Upton's ideas were inspired by the fine arts, painting, architecture, dance, music, and literature, and she found a method for creating her ideas through fabric. **Torrid Dwelling**, created in 1975, was far ahead of its time. In fact, at the time of her death at the age of 24, her work was being represented in a Madison Avenue art gallery. **Torrid Dwelling** uses a wide range of fabrics and innovative strip-piecing techniques. Molly commented that she drew inspiration from "*wandering through ruins, active streets and deserts; from past civilizations, and (from piano) keyboards.*" This quilt is 98" x 92" and is in a private collection.
