This week's puzzle is from one of our latest guests, **Dianne S. Hire**. She created a curved quilt without templates that is fast to assemble. It is a **Curvaceous Squares** quilt. You can learn more about Dianne's methods in [Episode 908: Wedgies, Danglers, and Funkies...Oh, My!](#) And look for her book, **Vivacious Curvy Quilts** where you can find 100 photos of Dianne's work and pieces by her students.
