## TQS Puzzles - Blue Moon Chicken - Ruth McDowell

---

A wonderful quilt from Ruth McDowell graces our puzzle this week. Ruth says,

*As far as I am aware, the chicken fanciers haven't developed a chicken with really BLUE feathers, so I invented one, with a checkerboard back, no less. She seems to be saying, "But wait!..."*

This quilt measures 20.5' x 16.5' and available for purchase on her website. [Click here to visit www.ruthmcdowell.com](http://www.ruthmcdowell.com).
