## TQS Puzzle: Amsterdam Alley by Leslie Jenison

---

This is *Amsterdam Alley: The Shortcut Between* by **Leslie T. Jenison**. It measures 48" x 36" and the materials used include: silk, cotton, canvas, dye, paint, bamboo felt, both cotton and polyester thread, along with Mistyfuse fusible. It is currently part of a private collection.

### Artist Statement:

*This quilt was inspired by a photograph I took during a trip to Amsterdam, Netherlands. I felt it would be an interesting challenge to expand the borders of the image into a quilt. The dye-painted graffiti is based on the colorful images I was exposed to in other parts of the city.*
