### TQS Puzzle: "After the Wedding" by Debby Schnabel

---

Everyone has a method for creating a double-wedding ring quilt and Debby Schnabel is no exception. She came up with this concept after struggling with different methods and it is truly her own. She created the quilt using 2" squares to form the rings and raw-edge zigzagged them into place. Debby says, "This technique was the perfect 'recovery project' for my carpal tunnel surgery!"
