TQS Puzzle: "Summer's Smile, Helianthus" by Ann P. Shaw

Ann writes, "*Summer brings the most amazing flowers. One of my favorites are Sunflowers. They seem unlikely as blossoms, with enormous discs of seeds and vibrant petals. Their vibrancy seems to match the bright red gingham table cloths we used on picnics. It's as if they are summer's smiles.*"

Star Members can see more of Ann's work in [Show 2006: Engaging the Viewer with Line, Shape, and Gesture](#).
