On the Set with Christa Watson and Bill Volckening

Alex and Ricky are joined on the set by Christa Watson, who talks about her passion for machine quilting. In this show, she shares her tips for working with pre-cuts, and, not one to waste fabric, also shares a way to make improv blocks. Christa also demonstrates how easy it is to quilt some of her favorite free motion motifs. Then, Bill Volckening is back to share quilts that are antiques, but speak very much to Modernism.
