On the Set with Jayme Crow

Meet Jayme Crow, an eclectic quilter and fabric designer for Island Batiks, who dabbles in many different styles. In this show, she shares a fun technique for creating a strip design using batik fabric with zero waste. She also shares her diamond shaped Boondoggle ruler and the basics of cutting and assembly with the ruler to make an infinite variety of quilt designs.

Also in this show, Alex talks about straight line quilting and how to avoid the "stop and start" process. She also shows off her **Bubble** quilt where she machine appliquéd circles onto the quilt after it was quilted.

Watch Jayme in [Show 2511](#), when it debuts Sunday, November 17, 2019.
