On the Set with Sheila Christensen and Tami Pfeil

TQS gets another visit from "Down Under" as New Zealand quilter Sheila Christensen stops by. On this show, Sheila offers up fun and exciting ways to utilize the versatility of the triangle with her triangle patchwork technique. From there, she uses these techniques to show how to create a Star Tip block involving triangles in a row-by-row assembly method.

Wrapping up the show is a fashion free-for-all as Tami Pfeil visits to demonstrate all the different types of apparel and accessories you can make out of unusual fabric, culminating in an audience member fashion show.

Watch Sheila and Tami in [Show 2512](#), when it debuts Sunday, December 1, 2019.
